

Career Workshop: Effective interview and resume strategies

Overview:

The two part interactive workshop, will prepare students for a successful job search by focusing on resume writing as well as interviewing skills. The workshop is presented by the NC State career center together with ASSIST industry representatives, and will feature one-on-one time for resume critiques as well as a panel discussion and mock-interview luncheon with ASSIST industry partners.

In the first part of the workshop, representatives from the NCSU career center will discuss strategies for effective resume/CV writing. Students will be required to bring a copy of their resume to edit and have critiqued in a one-on-one session with the career center staff.

The second part of the workshop will start with an interactive panel discussion with representatives from industry focusing on interview skills. Following this discussion, small breakout groups will provide students more individual feedback from industry members in a mock-interview format. Lunch will be catered.

Date: November 12th, 9:00AM-1PM

Moderator: Elena Veety

Expectations: Participants will be required to bring a copy of their resume to work on during the session. Students are expected to participate in all workshop activities including: having their resume critiqued by career center staff and engaging with industry members during the panel discussion and mock-interview luncheon.
