NSF NANOSYSTEMS ENGINEERING RESEARCH CENTER FOR
ADVANCED SELF-POWERED SYSTEMS OF
INTEGRATED SENSORS AND TECHNOLOGIES

Career TESP Workshop

February, 26th 2015

9:00 am - 12:00 pm | MRC 454

Lunch will be provided

Join The ASSIST Center & Industry Partners

for a morning of useful techniques to strengthen your career professionalism. A member of the **Career Development Center** will be teaching attendees key proficiencies to improve:

- + Resume/CV Writing
- + Interview Techniques and Tips

Industry Partners will be available for mock interviews and resume critiques. Bring your questions and resume for review and improvement.

This educational TESP workshop will add polish to your overall job searching strategy.
